

## **Production Manager**

Russwood Limited are a progressive and ambitious fast-growing company supplying high quality, responsibly sourced timber cladding, decking and flooring to both the domestic and trade sectors in the UK.

Our success has been built on our reputation for quality products and excellent technical expertise and our continued growth means we are now looking for additional professionals to join our team.

Reporting to the Operations Director, this role offers a unique career opportunity for somebody who is passionate and who will develop to deliver first class process solutions through in-depth technical expertise and knowledge.

The ideal candidate will be highly organised and have experience working in a production environment and hold a qualification in a technical, engineering or relevant field. We are seeking a strong communicator who will display the tenacity to drive through continual improvement ideas to develop Russwood's production processes. You will need strong interpersonal skills enabling you to work cross-functionally with Russwood's Production Team and Management Team. A broad strategic thinker with clear vision who is able to think outside of the box in order to create a Lean Operating Environment that continues to make our products class leaders.

You will be working from our modern, head office in Newtonmore, PH20 1AR.

### **Responsibilities will include:**

- Working with Production Team to gain a full understanding of Russwood's Production Facilities and Processes
- Supporting Operations Director with the day to day Management of Russwood's Production Team and Facilities and working with Russwood's Purchasing Administrator
- Fully comply with all Health and Safety requirements and drive continual improvement

### **Skills and Knowledge required:**

- Proven skills with excellent leadership credentials
- Good communication skills
- People management experience, team building and teamwork, collaboration, initiative and problem-solving skills are essential to this role
- Strong IT skills and experience of data analysis

### **Experience required:** Minimum 5 years Production Manager

- Able to clearly demonstrate experience of leading teams and achieving process improvement results
- Experience of working to deadlines

Salary from £32,000 (commensurate with experience) and a Company and Personal Performance Bonus, Pension and Relocation allowance will be available.
